Introduction

Emerging from Covid-19 and the closure of live venues, La Mama Online provides audiences with new opportunities to connect and experience theatre virtually. The rapid shift to online streaming highlights the value of digital engagement and providing accessible content and experiences for broader local, regional, national and international audiences.

From 2022 we intend to support artists to create more digital works and access to theatre online. We'd like to introduce two new opportunities - **Livestreaming** and **Online Seasons** to all La Mama main season artists. People are embracing online streaming like never before, live streaming has proven a new way of digital communication, reaching your audience, content promotion, and consumption. Online Season is an extension of your show season that allows room for adding different effects to bring in much-desired variety to your content, which gives audiences the opportunity to view videos whenever convenient for them from any Internet-connected device.

To support this, La Mama HQ and La Mama Courthouse now have the capabilities of filming, streaming and live-theatre broadcasting. A video-on-demand platform [La Mama On Screen](#) has been built to be the home to present your digital works.

The online pack is to inform you about what La Mama can offer in regards to producing and launching your digital works. We always put artists' rights at first and hope you find these new concepts adding value to your production and benefiting your outreach. Online offerings are entirely optional and at the discretion of the creative team.

What We Offer

From 2022 every main season show at La Mama Theatre (HQ and Courthouse) will have the option to:

1) Have the show filmed and live-streamed on La Mama's **Youtube** channel with a private link. Remote audiences can purchase livestream event tickets at **\$10/person** via Trybooking.

and/or

2) Have the show filmed and available for rent on [La Mama On Screen](#) one week after the show season. All tickets will be **\$10** per booking. The online season lasts for two weeks.

3) You'll receive a digital copy of the recording and use it for other purposes in the future if you choose any of the online options. Click [here](#) to see examples.

La Mama would provide filming services with in-house cameras and sound equipment, and take care of the post-production.

Remuneration

Choosing any online option will change the split of your final remuneration (both live seasons ticket sales and online sales) to 30% to La Mama, 70% to be distributed equitably among the team. **Please note** Online Season will delay artist payments by two weeks. Reconciliation to be finalised in a week after the Online Season finishes.

Pre-production

We'll set up the livestream booking link and include the info on your show web page if applicable. On the day of filming Online Producer Ruiqi will discuss the filming with your team prior to the show - number of cameras, camera angles, number of cast, sound and lighting cues, microphone situation, creators' notes, etc. We have limited resources but will do our best.

Contact ruiqi@lamama.com.au for the equipment list.

Production

La Mama staff will take care of the filming and streaming. Footage from multiple cameras and real-time audio mixing. The live stream software used is called Wirecast.

Ideally, the filming/streaming will take place on a **Friday** within your show season.

Post-Production

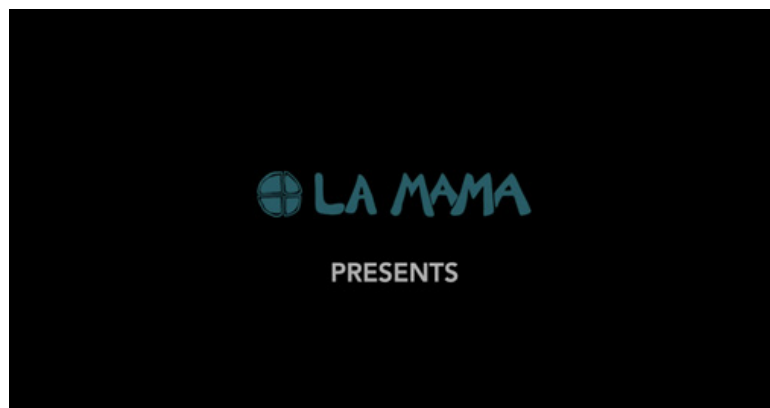

Editing of the Show -

We will require the following details for the editing within 3 days after the filming:

- 1) Show title
- 2) Show credit list
- 3) Soundtrack for beginning and the end (optional)

La Mama will add logos at the beginning and the end of the video, acknowledgments and funding organizations' logos at the end.

Example:
(Beginning)

(after end credits)

Final video delivery (within one week after the filming) -

Please note that La Mama won't provide editing files or footage from a single camera. We won't be able to make changes that were not raised in the previous notes. Minimal changes may be achieved.

Upon receiving the final video, we strongly recommend the production team has the subtitles professionally done at your own cost.

We recommend services such as [RedBee](#), [Rev](#) or you can create your own subtitles with tools such as [VTT Creator](#).

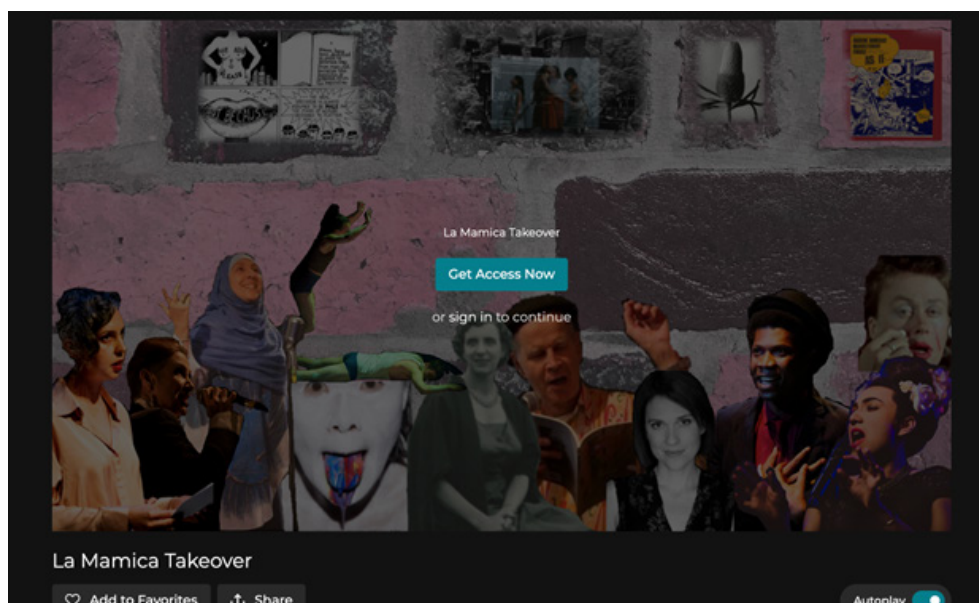

Online Season Launch (one week after the show season)

The video will be uploaded to [La Mama On Screen](#) and be available for two weeks.

Your team will receive a digital copy of the video and a private link for Comp access. The link may also be shared with reviewers who are interested in reviewing the show online.

Production shoots and marketing materials supplied will be used for marketing (eNews, socials, etc.). Please refer to the Marketing pack for detail.

Example:

Archiving

After the two-week Online Season the video will be taken down and stored in La Mama archiving. We will be updating our Archive system in the future, and will be in touch with more info. In the meantime, we will not share this content with anyone unless we have permission from the primary contact.

Release Form

We'll send the release form for Filming, Streaming, Online Seasons and Archiving if you choose to go ahead with any of these above.

Notes

- 1) Timeline above only applies to main season shows at La Mama.
- 2) La Mama would only provide filming services during the show. For pre-show promo videos, we have compiled a list of recommended Photographers & Videographers [HERE](#). Feel free to get in touch with them directly.
- 3) Production teams are not allowed to sell videos filmed by La Mama elsewhere without La Mama's permission.

Any further questions, please contact Online Producer Ruiqi at ruiqi@lamama.com.au.
